OIA Number: 24-153

13 February 2024

███████████████████████

Response to your information request

Dear ████████

I refer to your email of 23 January 2024 to the Education Review Office (**ERO**) requesting information under the Official Information Act 1982 (the Act). On 26 January 2024, you clarified your request to mean:

1. *Information as of 1 February 2024 – this is just an indicative date in the future. The most recent data can be provided as long as the date of data extraction is clearly stated in the OIA response.*

2. *Established staff are permanent and fixed term staff.*

3. *Except for the number of staff at your organisation (first row, labelled X), the rest of them (A-M) all relate staff from the ICT.*

4. *For C-M, it would be good to have headcounts and FTEs disaggregated by established and non-established roles.*

5. *The sum of established and non-established roles for roles C-M should add up to the sum of rows A and B. This means* $(A + B) = (C + D + E + F + G + H + I + J + K + L + M)$

Refer to table below that shows letters X, and A to M.

	Headcount		FTEs	
	Established	Non-established	Established	Non-established
X. Number of staff at your organisation				
A. Staff that are in the ICT, data, digital teams/function in established roles		███		███

B. Staff that are in the ICT, data, digital teams/function in non-established roles (contractors, casuals, consultants, etc.).	███		███	
C. Total number of architects				
D. Total number of developers				
E. Total number of ICT staff in management roles				
F. Total number of staff involved with project management				
G. Total number of business analysts				
H. Total number of testers				
I. Total number of information and data subject matter experts				
J. Total number of scrum masters				
K. Total number of product owners (that are with ICT team)				
L. Total number of staff involved with strategy development and implementation, transformation, portfolio management, monitoring, and reporting (exclude staff in management roles from this count)				
M. Total number of other staff who look after system analysis, network, software engineering, information and cyber security, helpdesk and technical support, quality assurance, account management, training, finance, stakeholder management, and any other ICT functions				

Information in response to your request is attached as Appendix One.

I trust this information fulfils your request. If you wish to discuss any aspect of your request with us, including this decision, please feel free to contact Ministerials@ero.govt.nz.

You have the right under section 28(3) of the Act to seek an investigation and review by the Ombudsman of this decision. Information about how to do this is available at www.ombudsman.parliament.nz or freephone 0800 802 602.

Please note that this response, with your personal details removed, may be published on the Education Review Office website at https://ero.govt.nz/information-releases/official-information-act-requests-and-responses.

Yours sincerely

Jeremy France
